APPENDIX B

I. Amendment to Constitution of National Academy of Arbitrators, adopted January 30, 1963.¹

Article V (A third Section shall be added as follows)

Section 3. The Board of Governors may at its discretion confer upon a member of the Academy honorary "Life Membership" status.

II. Revised Statement of Policy Relative to Membership in the National Academy of Arbitrators, adopted January 30, 1963.

Membership in the National Academy of Arbitrators is conferred by vote of the Board of Governors upon recommendation of the Membership Committee of the Academy. In considering applications for membership, the Academy will apply the following standards: (1) The applicant should be of good moral character, as demonstrated by adherence to sound ethical standards in professional activities. (2A) The applicant should have substantial and current experience as an impartial arbitrator of labor-management disputes, or (2B) in the alternative the applicant with limited but current experience in arbitration should have attained general recognition through scholarly publication or other activities as an impartial authority on labor-management relations. In evaluating the applicant's experience, the Academy will take into account his general acceptability to the parties.

Membership will not be conferred upon applicants primarily identified as advocates or consultants for Labor or Management in labor-management relations. The Academy recognizes nevertheless that because of the fluid nature of the industrial relations field and the varied backgrounds and interests of its members, the relation of individual members to the field and their availability as arbitrators may change from time to time. Some members may be called on to serve as consultants to private or public organizations; some may act as advisors or advocates for Labor or Management; some may accept public office; some may act in still other capacities that render them, for the time being, unavailable for service as arbitrators. The Academy does not consider that participation in such activities is necessarily inconsistent with continued membership.
